

ISMNZ Christchurch Team Vision

Nurturing others into mature ambassadors for the Gospel of the Kingdom reflects the vision for the ISMNZ Christchurch Team. Every objective culminates in the staff increasing in Christlikeness and to flow the life and wisdom of Christ into others. Many of those ambassadors have been and continue to be actively involved in ministering the Gospel in New Zealand and beyond. Cascading Christlikeness happens in a community where Christlikeness is valued, fostered, and offered at no cost to all who seek it.

Please pray for the ISMNZ Christchurch Team that the LORD will continue to pour Himself into us so that the team may pour the LORD and His Gospel into the lives of the international students at our doorstep.

As a ministry that welcomes internationals, we also welcome your inquiries. Contact us with your questions, concerns and/or prayer requests.

ISMNZ Christchurch Ministry

Building the ISMNZ Christchurch Ministry

Assembling a team of volunteers who are eager to minister the Gospel to international students at the University of Canterbury, ARA Institute of Canterbury and Lincoln University is a current priority for the ISMNZ work in Christchurch.

Most of the volunteers have been actively ministering to internationals and are planning for when international students will return to New Zealand universities.

Growing the ISMNZ Christchurch Team includes welcoming those who are committed to pray and financially support our efforts to impact the nations at our doorstep with the Gospel of the Kingdom. Together, we can do so much more than anyone of us could alone.

Please consider joining the Christchurch ISMNZ Team through a prayer and/or financial partnership, which enables us to advance the Gospel of the Kingdom among the internationals studying at tertiary institutions in Christchurch.

Opening the door to ministering to internationals depends on a team – a team consisting of you, the LORD and us.

CHRISTCHURCH

New Zealand is regarded highly as a university destination by internationals and that means international students are very likely to return in droves in the upcoming school years.
